

ARE YOU A BASKETBALL COACH?

The EHCB Coaches Academy is an innovative program like no other. Together with the Faculty of Sports & Physical Education from the University of Belgrade, we formed a comprehensive curriculum that combines general and basketball academic content by the university faculty and advanced coaching lessons by the EHCB member coaches. From December 2021 until August 2022, participants will engage in online lectures and Q&A sessions. The program's high point is in June, when all participating coaches will have the opportunity to meet in person and take part at the EHCB Coaches Congress together with coaches from all over the globe.

OUR PROGRAM IS DIVIDED INTO 4 MODULES

1. GENERAL ACADEMIC LECTURES

- o Functional Anatomy
- o Physiology of Physical Activity
- o Human Motor Abilities
- o Biomechanics
- o Motor Learning
- o Psychology
- o Sociology
- o Strength & Conditioning
- o Nutritioning
